**ANNUAL CPNI COMPLIANCE STATEMENT AS REQUIRED BY SECTION
64.2009(e) OF THE FCC'S RULES**

The following statement explains how operating procedures followed by Glentel Corp. ("Glentel") ensure that it complies with the Customer Proprietary Network Information ("CPNI") rules established by the Federal Communications Commission (*i.e.*, 47 C.F.R., Part 64, Subpart U).

To the extent Glentel has access to CPNI as defined by Section 222(h)(1) of the Communications Act,¹ it does not use CPNI for marketing or any other purpose prohibited or otherwise limited by the Commission's CPNI rules.

Glentel does not have a United States sales force. Glentel does market to United States customers through a single distributor; this distributor is subject to a confidentiality clause prohibiting disclosure of confidential information, including CPNI, without prior written consent from Glentel. Glentel employees are informed of the appropriate use of CPNI, and are prohibited from releasing CPNI to any party other than the distributor who operates under a confidentiality agreement as described above. Employees who do not follow the above procedures are subject to disciplinary action.

Because Glentel does not use CPNI and does not engage in any marketing activities in the United States, it does not presently (1) have in place a system by which the status of a customer's CPNI approval can be clearly established (no approval is sought because the CPNI is not used), (2) maintain a record of its sales and marketing campaigns that use its customers' CPNI (there are no such campaigns), and (3) have in place a supervisory review process with respect to outbound marketing situations (there is no outbound marketing). However, Glentel stands ready to comply with these provisions of the Commission's CPNI rules should it begin using CPNI for marketing or other purposes not permitted by the rules.

¹ Glentel is a subsidiary of a Canadian company that sells mobile satellite-based services primarily to Canadian customers.
